CAPABILITY STATEMENT

RED ROCK SERVICES

CAPABILITY STATEMENT

Red Rock Services (RRS) is a majority owned Aboriginal business.

RRS promotes a local employee culture, supported by a Management Team who have collectively worked in and around the Pilbara for over 60 years.

Our key focus will be on providing as many benefits to local and other Aboriginal Suppliers, Contractors and Businesses as a priority.

Red Rock Engineering (RRE) is a 49% owner in Red Rock Services.

RRS as a priority, will promote local employment, local industry procurement; that will create opportunities for both Aboriginal and non-Aboriginal people within the locality of our operations.

Aiming to:

- Achieve a majority local employee workforce.
- Helping to support Local Industry Participation
- Support the local economy.

RED ROCK SERVICES WA

OUR CAPABILITIES

Red Rock Services WA is a local business based in Karratha. We proudly promote a local employee culture and are supported by a management team that has been working in the Pilbara district for over 50 years.

We can provide a broad range of services both locally at our fully equipped workshop or in various remote locations throughout the Pilbara.

Red Rock Services WA is a Pilbara business with strong ties to the local community. Our employees and management team reside in the district, bringing a strong local culture, knowledge and expertise.

Our team has been involved with multiple Karratha and Pilbara projects during the oil and gas and mining and resources expansions over the last four decades. We strive to ensure that we provide specialised services to these core sectors with exceptional workmanship in a safe and cost effective manner for our clients.

Our local trade pool are conversant with all of the requirements of the maintenance and construction industries.

KEY FACTS

Red Rock **Services** WA is one of the Pilbara's leading teams of engineers, providing solutions for all projects, both big and small.

OUR HISTORY

WHAT MAKES US DIFFERENT - ABORIGINAL FOCUS & QUALITY

Operating by the values of Respect, Relationships and Opportunity helps us achieved our goals and commitments to Diversity, Flexibility and Inclusivity in every aspect of our business.

Red Rock Services Management Team collectively represents over 60 years of industry experience working in the Pilbara, WA and Nationally.

With a high level of broad industrial skill set and demonstrated capacity of having working on a range of large-scale projects for some of the largest companies within this country.

Have qualified personnel with international project experience.

RRS aims to develop a “model of excellence” that supports Aboriginal participation and inclusion at all levels with exposure to a variety of work experiences.

As the business grows RRS aims to create a stronger community collaboration and engagement, to build capacity to Aboriginal peoples, particularly in remote areas.

Front and center a key focus will be in providing opportunity to local and other Aboriginal Suppliers, Contractors and Business towards economic independence.

VISION

To become a recognised Aboriginal business as an industry leader, providing trusted, quality products and services, with a commitment to safety and culture.

MISSION

Work on Country, delivering culturally, socially, economical and environmentally sustainable products and services.

VALUES

Respect for all, building strong relationships with community and stakeholders and creating opportunities for local employment.

OUR DIFFERENCE

BUSINESS MANDATE

Our Management Team have a reputation that is demonstrated through the quality of their work. Our focus is ensuring that quality is at the forefront in the performance of our work and services.

Our Integrated Management System guides our company to perform at the highest level, across Health, Safety, Environmental and Quality Management.

RRS are an audited ISO 9001 compliant company.

INTEGRATED APPROACH

RRS Senior and Project Managers lead by example, through a collaborative and disciplined approach in decision making. This demonstrates their understanding of the broader aspects of project delivery and the ability to support everyone including our contractor workforce to ensure that we all perform at our best.

Our integrated approach enables us, to mitigate and anticipate risk, in order to create seamless efficiencies across all of our services. Senior Management Teams are involved within our projects on a broader objectives to ensure the integrated teams deliver each project as efficiently as possible.

We are able to confer with experts across Structural, Civil and Environment, Construction, Building and Facilities Maintenance Services, in order to deliver a complete solution to any project we embark on.

Our Team will:

- Maintain the highest level of safety, to ensure that your project gets delivered on time and on budget.
- To support Local Industry Participation our focus is on building long-standing and genuine relationships. This applies to both Aboriginal and non-Aboriginal suppliers, contractors, business partners and our Clients.
- Our management and project teams are multi-disciplinary, we draw on individual strengths and expertise to provide the best possible outcome for our clients.

OUR TEAM

TRUSTED PROFESSIONALS

Our Management Team and Staff Brings Together:

Trusted experts with extensive construction and project management experience. Our management team has many years' experience working within the local industry and brings a diverse mix of skills to the table.

IAN ABBOT
DIRECTOR

Ian has over 25 years experience in the construction and maintenance industry of the Pilbara region. He has experience in both the mining, and resources sector, as well as onshore and offshore oil and gas. Beginning with a trade background, Ian progressed to being a registered mine manager/construction manager working on major resource projects both in the Pilbara and overseas. Ian has managed major construction projects commercially in Perth, however his passion has always been working and living in the Pilbara region.

SHAUN RAMIREZ
DIRECTOR

Shaun has over 24 years experience in the construction industry in the Pilbara and Kimberley regions, completing his electrical trade certificate working in remote Aboriginal communities, he has extensive experience in the mining, power distribution and oil and gas sectors. Shaun is a proud Ngarluma person, from the Karratha region, with an active involvement with traditional owner groups and an ambition to better benefit all Western Australian Aboriginal groups and people, through the provision of employment, business and training opportunities.

CRAIG MOSS
MANAGER

Craig has worked in management roles throughout WA and has over 10 years local experience in Karratha, with high exposure to the mining industry across the Pilbara. Like the rest of our management team, Craig is results driven, with a focus on safety and budget. Craig is a leader with a proven track record of delivering projects on time, on budget and incident free.

CARISSA IVES
HEALTH, SAFETY, ENVIRONMENT AND QUALITY

Carissa began her career in finance and management and has made the move into Health, Safety, Environment and Quality. Carissa is tasked with ensuring that Red Rock fulfills all of the requirements of ISO 9001, 14001, 45001 Certification's, as well maintaining Red Rocks quality system and OHSE systems.

RED ROCK SERVICES

ABORIGINAL ENGAGEMENT

As a majority owned Aboriginal company, RRS understand that successful stakeholder engagement and community engagement is critical to business success. To support our commitment to Aboriginal Participation, RRS intends to provide extended contracting services to other Aboriginal contractors and has the expertise to:

- Support the capacity and development of other Aboriginal suppliers and businesses.
- Provide opportunity for local Aboriginal personnel through employment, training and mentoring.
- Provide a direct interface between local Traditional Owner groups within the areas of our client's operations, predominantly throughout WA.
- Demonstrate a genuine commitment to local Aboriginal engagement by extending links to other Aboriginal suppliers and community groups via our vast networks.
